TO OUST THE FISH TRUST.

Ohio's Attorney General Brings Suit
Against Big Corporation.

Columbus, O., July 1.—Suit was
brought Thursday in the circuit court
of Franklin county by Attorney Gen-
eral Ellis to oust the so-called fish
trust of the Great Lakes, capitalized at
\$5,500,000 and commercially known as
A. Booth & Co. of Chicago, from its
charter in Ohio. The suit is brought
under the Valentine anti-trust law.

The attorney general charges that
the company has purchased the busi-
ness of its competitors and controls
90 per cent of the fresh water fish
supply carried on from the Mississippi
to Buffalo. It has been in operation
about four years, during which time it
has reached out into all the states bor-
dering on the Great Lakes and into
Canada and taken in the business of
about sixty dealers in fresh water fish.
Branches of the company are located at
Sault Ste. Marie, Mich.; Minneapolis,
Wis.; Chicago, Ashland, Wis.; Bayfield,
Wis.; Whitefish Point, Mich.; Manis-
tique, Mich.; Duluth, Port Arthur,
Ont.; St. Paul, Omaha, Lincoln, Neb.;
Green Bay, Wis., and Milwaukee.

cars heavily loaded with sand and co-
crete fell twenty-five feet with the col-
lapse of a trestle last night, injuring
five trainmen.

MARION BUTLER RESIGNS.

Designates Nebraska Man to Open Pop-
ulist Convention.

Washington, July 1.—Marion Butler
of North Carolina has announced his
resignation as chairman of the execu-
tive committee of the People's party
and designated J. A. Edmister of Ne-
braska, vice chairman, to act in his
stead and to open the Populist national
convention at Springfield, Ill., on Mon-
day. Mr. Butler says he is unable to
attend the convention.

TOKIO REPORTS DOUBTED.

They Do Not Agree With Russian In-
formation.

St. Petersburg, July 1.—Telegrams
from Tokio relating to the capture of
forts forming part of the defenses of
Port Arthur do not agree with infor-
mation received at the war office, nor
with the reports of General Stoessel,
which indicate that the siege opera-
tions are proceeding slowly. Heavy
guns have not yet been brought in
range of the works of Port Arthur.

TAKE WOLF MOUNTAIN

JAPS OCCUPY A POSITION NEAR
PORT ARTHUR AFTER DES-
PERATE FIGHTING.

RUSSIANS BADLY DEFEATED

AN ENTIRE REGIMENT ALMOST
ANNIHILATED IN THE BAT-
TLE WITH THE JAPS.

London, July 1.—The Shanghai
correspondent of the Daily Chronicle
says that the Japanese occupied Wolf
mountain, near Port Arthur, after des-
perate fighting in which a Russian
regiment was almost annihilated.

The Tokio correspondent of the
Standard says that Japanese officers
who were engaged in the last naval
fight at Port Arthur assert that they
saw women on board the Russian
warships, and that this confirms the
suspicion that the Russians were at-
tempting to escape to a neutral port
and had no intention of fighting.

The last mail from the front, the
Standard's correspondent says, gives
additional instances of the mutilation
of Japanese wounded by the Russians.
The Tientsin correspondent of the
Standard says the Chinese bandits re-
cently derailed a train south of Har-
bin as the result of which thirty-three
persons were killed and fifty-eight in-
jured.

DECIDES TO RETREAT

GENERAL KUROPATKIN WILL OF-
FER BATTLE TO JAPANESE
AT HAICHENG.

Berlin, July 1.—The Tashichiao cor-
respondent of the Lokal Anzeiger, in
a dispatch dated June 30, says he has
had an interview with General Kuropat-
kin regarding the military situation
and declares that the Russian general
has decided to withdraw to Haicheng.

KUROPATKIN TELLS OF FIGHTS.

Details Operations Against the Advanc-
ing Japanese.

St. Petersburg, July 1.—The follow-
ing dispatch from General Kuropatkin
to the emperor, dated June 29, was re-
ceived Thursday:

"Towards 8 o'clock in the morning
of June 27 our troops, having dislodged
the enemy's advance guard, com-
posed of cavalry and infantry, occupied
the station of Senuchen, but at 9
o'clock it was discovered that a bri-
gade of the enemy's infantry was ad-
vancing in front while other columns
were turning our detachment's left
flank. The town of Senuchen, which
is surrounded by walls, was also oc-
cupied by the Japanese. Consequently
at 11 o'clock our troops slowly with-
drew. As regards losses, we only
know as yet that an officer and ten
men were wounded.

"At 4 in the morning, June 28, a de-
tachment of the enemy, nearly an in-
fantry brigade, with two batteries, oc-
cupied Santiao, firing our van posts
occupying Black mountain, south of Sta-
khoutung. Our three companies firmly
held their ground until reinforced.
At 6 a. m. a battery of Cossacks and a
mounted mountain battery took up a
position and opened fire on the front
and flank of a Japanese battery and
dense columns of infantry which had
appeared against our left.

"At 1 in the afternoon the Japanese
began to retire, pressed by our troops,
who had assumed the offensive and
pursued the enemy as far as Santiao.
Our losses were 6 soldiers killed and
2 officers and 33 men wounded.

"The battle recommenced at Sta-
khoutung at 6 in the morning. A Cos-
sack battery and a mounted battery
repeatedly pursued the enemy's in-
fantry and silenced the Japanese batteries.

Repulsed the Japanese.

A section of our infantry repulsed
the Japanese on our right, we counter
attacking. The fighting ceased at 5.
Our losses have not been ascertained
definitely, but they are reported not to
exceed fifty men and twenty horses.

"A battalion and a squadron of the
Japanese vanguard, June 28, operating
north of the Suyen-Kaichou road, oc-
cupied Cheliuangting. A concentra-
tion toward evening of twenty-six Ja-
panese battalions was observed near
Wangtsiaputse, on the Suyen-Hai-
cheng road.

"From the morning of June 27 the
Japanese developed a frontal attack
against our troops in Ta pass, simul-
taneously turning our right with at
least a division of infantry and three
field batteries. The fight lasted until
7:40 in the evening. Our troops re-
tired slowly from the pass. The ene-
my did not advance. Our losses are
estimated at about 200.

"On June 26 the enemy continued to
advance from Fenchu and Motien
passes, frontally and flanking. At least
eight battalions and ten guns were
concentrated against Motien pass.
At 4 in the afternoon the enemy oc-
cupied Kaula pass on the Liaoyang
main road.

"Since June 25 the Japanese have
been advancing their right, occupying
Siamatsze, the morning of June 26,
three companies advancing beyond. At
first they forced back the Cossacks,
but subsequently the Japanese were
repulsed."

CLOSING IN ON PORT ARTHUR.

Japanese Troops Draw Near to the
Fortress.

Tokio, July 1.—Generals Fukushima
and Inoguchi are to accompany Field
Marshal Marquis Oyama and General
Kodama, his chief of staff, to the front
on July 6. The emperor has presented
his favorite horse to General Kodama.

It is reported with authority that
there is continual skirmishing in the
vicinity of Port Arthur and that the
Japanese forces are closing in on that
place.

It is expected that the foreign mil-
itary attaches and the newspaper cor-
respondents assigned to the Second
Japanese army will leave for the front
soon after the departure of Field Mar-
shal Marquis Oyama.

LANDS ON ELLIOTT ISLAND.

Reserve Force of Japanese Troops
Ready to Take the Field.

Chefoo, July 1.—On June 24 it is
stated that the Japanese landed an
independent division of 10,000 men at
their naval base on the Elliott is-
lands. This division is to be used, it
is said, either to assist General Nogi
at Port Arthur or General Oku in
clearing the railway.

From an authoritative source it is
learned that the Japanese now have
180,000 men in the field, including
General Kuroki's army.

FOUR RUSSIANS INJURED.

Submarine Boat Delfin Continues Its
Deadly Work.

St. Petersburg, July 1.—After the
submarine boat Delfin, which sank at
her moorings in the Neva, off the bat-
tery building yard, Wednesday
morning, causing the loss of an officer
and twenty men, had been raised, an
officer and three sailors approached
the manhole and, while pumping to
ascertain if all the water had been re-
moved, another explosion occurred.
The officer and sailors were injured,
but they are out of danger.

RUSSIAN LOSSES IN SORTIE.

Considerable Uncertainty Exists in
Tokio Regarding Them.

London, July 1.—A Tokio corres-
pondent of the Times says:

"There is considerable uncertainty
regarding the Russian losses in the
recent sortie from Port Arthur. It is
just possible that no ship was sunk.

"The Peresviet may have got into
port at night.
"The Japanese, on the other hand,
feel certain that their torpedoes took
effect on three ships."

SHELLS KOREAN CITY

RUSSIAN VLADIVOSTOK SQUAD-
RON APPEARS OFF GENSAN
AND ATTACKS PLACE.

Tokio, July 1.—The Russian Vlad-
ivostok squadron, accompanied by tor-
pedo boats, appeared off Gensan, on
the east coast of Korea during the
day. Torpedo boats entered Gensan
harbor at 5:30 in the morning, shelled
the settlement and sunk a small steam-
er and a small schooner. The torpedo
boats left the harbor at 7:20. A total
of 200 shells was fired into the settle-
ment, but no serious damage resulted.

Later the Vladivostok squadron, con-
sisting of three cruisers, one torpedo
boat destroyer and nine torpedo boats,
was reported off Anpen (about fifteen
miles to the east of Gensan), proceed-
ing in a southeasterly direction. Its
destination is not known.

STARTED SOME WILD RUMORS.

Fire at Cronstadt Excites People of
St. Petersburg.

St. Petersburg, July 1.—As the re-
sult of the receipt of news of a fire
which took place at the torpedo works
at Cronstadt at night, St. Petersburg
was filled with the wildest rumors, in-
cluding one to the effect that the Pe-
terhoff palace had been blown up.

The damage at Cronstadt was con-
fined to the torpedo mechanism shops,
which were almost destroyed, togeth-
er with twenty Whitehead torpedoes.
Five of the torpedoes had war heads
attached and they exploded, adding to
the fire and the excitement. A con-
siderable quantity of oil stored in the
works was also burned. An alarm was
given in time to prevent loss of life
and more serious loss of property.

The authorities do not attach serious
importance to the accident, and say
that the works will soon be able to
resume full time.

LONG LIST OF RUSSIAN DEAD.

Japs Buried Over Eighteen Hundred
of the Enemy at Telissu.

Tokio, July 1.—A report from Gen-
eral Oku says that after the fighting
at Telissu (Vafangow) June 15, he
buried 1,854 Japanese. The trophies
taken by the Russians in this engage-
ment consisted of 18 guns, 45 wagons,
958 rifles and other things.

CAME AS A SURPRISE

ACTION OF SENATOR CLAPP IN
DECLINING CHAIRMANSHIP
OF CONVENTION.

LITTLE PROGRESS IS MADE

MINNESOTA REPUBLICANS HOLD
TWO SHORT SESSIONS AND
THEN ADJOURN.

St. Paul, July 1.—Senator Moses E.
Clapp has announced that he will not
be permanent chairman of the Repub-
lican state convention. This action
came as a great surprise to the lead-
ing candidates for the gubernatorial
nomination, R. C. Dunn and Judge Lor-
ren W. Collins.

Senator Clapp is said to be a can-
didate for re-election and fears he may
incur the animosity of one of the fac-
tions by his rulings as chairman.

Senator Clapp is said to be the only
man the warring factions could agree
upon for permanent chairman.

The fight for permanent organiza-
tion will probably determine who will
be nominated, and the Dunn leaders
are credited with the intention of forc-
ing a test of strength as soon as pos-
sible. Both sides still claim to be con-
fident of victory.

Although the tension is very great,
there is not so much talk of boiling over
either side as there was on Thursday.
However, it would not be surprising
if the side defeated in the convention
should bolt.

Leaders of the Dunn faction claim
their candidate will be nominated on
the first ballot.

Credentials Committee Busy.

The committee on credentials put in
a busy afternoon and night on con-
tests. But five of the eleven counties were
taken up, Anoka, Beltrami, Benton,
Hennepin and Ramsey.

While none of the members of the
committee would or could say what
the results would be in the contest
cases investigated, it is conceded that
Anoka, the first to be taken up, will
be decided favorable to the delegation
seated by the convention. This is a
Dunn delegation.

State Chairman Jamieson called the
Republican convention to order at 11
o'clock. Senator Clapp, as temporary
chairman, delivered a speech of an
hour's duration and the convention
then took a recess to 2 o'clock in or-
der to give the warring factions for
the gubernatorial nomination another
chance to try to get together for the
selection of a committee on creden-
tials.

The convention reassembled at 2:30
p. m., the factions in the meantime
having agreed on the makeup of the
committee of credentials. This com-
mittee, consisting of seven Dunn men,
seven Collins men and Senator Ward
of Alexandria, representing the Eddy
faction, was then named and the con-
vention adjourned until 9 in the morn-
ing.

WARNER FOR GOVERNOR.

Republicans of Michigan Nominate a
State Ticket.

Detroit, July 1.—Fred Warner of
Washington, Thursday was nominat-
ed for governor over Homer Warren
of Detroit and George B. Horton of
Fruit Ridge by Republicans of Michi-
gan. Before the first ballot was fin-
ished it was evident that Mr. Warner
had received a large majority and Mr.
Horton moved that the rules be sus-
pended and the unanimous vote cast
for Mr. Warner, which was done amid
much enthusiasm.

The remainder of the state ticket
is as follows: Lieutenant governor,
Alexander Maitland, Negaunee; state
treasurer, Frank P. Glaser, Chelsea;
secretary of state, George A. Prescott,
Tawas City; state auditor, J. B.
Bradley, Eaton Rapids; attorney gen-
eral, Charles A. Blair, Jackson; super-
intendent of public instruction, P. H.
Keller, Detroit; member of state board
of education, L. L. Wright, Ironwood;
land commissioner, W. H. Rout, Cling-
ton.

The platform, which was short, in-
dorses that of the Republican con-
vention at Chicago; indorses Roosevelt
and Fairbanks, and expresses con-
fidence in a notable victory for the state
ticket in November.

The amendment to the resolutions
proposed by Congressman William Al-
den Smith and Senator Charles Si-
mons, pledging the party to the nom-
ination of governor by direct vote, was
defeated by 774 to 294.

BRINGS TURKEY TO TIME.

Great Britain Exerts Pressure for Re-
lief of Armenians.

London, July 1.—Great Britain has
successfully brought pressure to bear
on the porte for the relief of the per-
secuted Armenians, according to state-
ments in a letter written by Foreign
Secretary Lansdowne to the Anglo-
Armenian association. The letter says
that President Nicholas O'Connor, Brit-
ish ambassador at Constantinople, in a
long interview with the grand vizier,
Ferid Pacha, on June 14, pointed out
to that official the responsibility of the
porte should the reports of Kurdish
outrages prove true.

The ambassador called the attention
of the grand vizier to the design which
had been credited to the Turkish au-
thorities of driving the Armenians
from their mountain homes to the
plains, and urged that orders should
be sent to the wali of Bitlis that re-
fugees be allowed to return to their
homes and be given protection from
the Kurds.

The grand vizier acquiesced in the
wishes of Sir Nicholas O'Connor and
telegraphed orders to that effect in
the presence of the ambassador. The
British vice consul at Bitlis was no-
tified of the grand vizier's action and
instructed to report its effect.

Lord Lansdowne said that the porte
had also granted permission for a Brit-
ish officer to accompany any troops
engaged in expeditions against the in-
surgents.

GREAT BRITAIN HOLDS ALOOF.

Not Taking Part in Negotiations to
End Russo-Japanese War.

London, July 1.—News from Wash-
ington that steps were being taken
looking to mediation between Japan
and Russia creates great surprise in
London. The British government not
only has not taken part in such ne-
gotiations, but in apparently is ignorant
that they are in progress. Premier
Balfour, through the Times, is of the
opinion that the time is not ripe for
mediation, but, to quote a person in
Mr. Balfour's confidence, "Great Brit-
ain has kept the door open for any
such contingency." From the highest
official sources and from the Japanese
legation comes the positive statement
that nothing whatever has resulted
from the interviews between King Ed-
ward and Emperor William at Kiel
that in any way was connected with
the Russo-Japanese war. There seems
to be no doubt that responsible min-
isters seriously warned King Edward
that he must not initiate any step in
that direction with his imperial ne-
phew.

The Japanese legation, it appears,
made discreet inquiries as to whether
this advice was carried out, and it was
stated that there was every reason to
believe the war was not discussed at
Kiel, except in the most informal and
conservative way.

RABBIS ELECT OFFICERS.

Joseph Krauskopf of Philadelphia Is
Chosen President.

Louisville July 1.—The following
officers were elected by the Central
Conference of American Rabbis, and
after selecting Cleveland as the place
of meeting next year, the conference
adjourned.

Honorary president, Rabbi Kaufman,
Cincinnati; president, Joseph Kraus-
kopf, Philadelphia; first vice president,
Joseph S. Toise, Chicago; second vice
president, Jacob Voorsanger, San Fran-
cisco; treasurer, Charles S. Levi, Peo-
ria, Ill.; recording secretary, Adolph
Guttman, Baltimore; corresponding
secretary, William Rosenau, Balti-
more.

After a strenuous debate on the
question of establishing a synod the
conference left the question open to
be taken up at a future conference.

NEGRO LYNCHED BY A MOB.

Taken From a Train and Killed After
Mob Fights Officers.

Charleston, S. C., July 1.—Cairo Wil-
liams, a negro, who killed Thurston
McGee last week, was taken from the
Kentucky line at Scranton last even-
ing and lynched. After a mistrial at
Kingston, the county seat, the sheriff
thought it best to send him to Colum-
bia for safe keeping. As the train ap-
proached Scranton a mob stopped it
with a red light and searched the cars.
Finally they found Williams and or-
dered the sheriff's deputies to deliver
him. This was refused, and a scuffle
ensued in which the deputies were
bruised. The mob then took the ne-
gro away and killed him.

RUMOR OF NAVAL BATTLE.

Port Arthur Fleet Said to Have At-
tacked Togo's Squadron.

St. Petersburg, July 1.—It is rumo-
red that the Russian torpedo boat de-
stroyer Lieutnant Burukoff, which ar-
rived at Newchwang from Port Arthur
Wednesday evening, brought news
that Rear Admiral Witthoft left Port
Arthur harbor again on June 24 and
gave battle to the Japanese fleet.

SHELLS KOREAN CITY

RUSSIAN VLADIVOSTOK SQUAD-
RON APPEARS OFF GENSAN
AND ATTACKS PLACE.

Tokio, July 1.—The Russian Vlad-
ivostok squadron, accompanied by tor-
pedo boats, appeared off Gensan, on
the east coast of Korea during the
day. Torpedo boats entered Gensan
harbor at 5:30 in the morning, shelled
the settlement and sunk a small steam-
er and a small schooner. The torpedo
boats left the harbor at 7:20. A total
of 200 shells was fired into the settle-
ment, but no serious damage resulted.

Later the Vladivostok squadron,
consisting of three cruisers, one torpedo
boat destroyer and nine torpedo boats,
was reported off Anpen (about fifteen
miles to the east of Gensan), proceed-
ing in a southeasterly direction. Its
destination is not known.

STARTED SOME WILD RUMORS.

Fire at Cronstadt Excites People of
St. Petersburg.

St. Petersburg, July 1.—As the re-
sult of the receipt of news of a fire
which took place at the torpedo works
at Cronstadt at night, St. Petersburg
was filled with the wildest rumors, in-
cluding one to the effect that the Pe-
terhoff palace had been blown up.

The damage at Cronstadt was con-
fined to the torpedo mechanism shops,
which were almost destroyed, togeth-
er with twenty Whitehead torpedoes.
Five of the torpedoes had war heads
attached and they exploded, adding to
the fire and the excitement. A con-
siderable quantity of oil stored in the
works was also burned. An alarm was
given in time to prevent loss of life
and more serious loss of property.

The authorities do not attach serious
importance to the accident, and say
that the works will soon be able to
resume full time.

LONG LIST OF RUSSIAN DEAD.

Japs Buried Over Eighteen Hundred
of the Enemy at Telissu.

Tokio, July 1.—A report from Gen-
eral Oku says that after the fighting
at Telissu (Vafangow) June 15, he
buried 1,854 Russians. The trophies
taken by the Japanese at this engage-
ment consisted of 18 guns, 45 wagons,
958 rifles and other things.

CAME AS A SURPRISE

ACTION OF SENATOR CLAPP IN
DECLINING CHAIRMANSHIP
OF CONVENTION.

LITTLE PROGRESS IS MADE

MINNESOTA REPUBLICANS HOLD
TWO SHORT SESSIONS AND
THEN ADJOURN.

St. Paul, July 1.—Senator Moses E.
Clapp has announced that he will not
be permanent chairman of the Repub-
lican state convention. This action
came as a great surprise to the lead-
ing candidates for the gubernatorial
nomination, R. C. Dunn and Judge Lor-
en W. Collins.

Senator Clapp is said to be a candi-
date for re-election and fears he may
incur the animosity of one of the fac-
tions by his rulings as chairman.

Senator Clapp is said to be the only
man the warring factions could agree
upon for permanent chairman.

The fight for permanent organiza-
tion will probably determine who will
be nominated, and the Dunn leaders
are credited with the intention of forc-
ing a test of strength as soon as pos-
sible. Both sides still claim to be con-
fident of victory.

Although the tension is very great,
there is not so much talk of bolting on
either side as there was on Thursday.
However, it would not be surprising
if the side defeated in the convention
should bolt.

Leaders of the Dunn faction claim
their candidate will be nominated on
the first ballot.

Credentials Committee Busy.

The committee on credentials put in
a busy afternoon and night on con-
tests. But five of the eleven counties were
taken up, Anoka, Beltrami, Benton,
Hennepin and Ramsey.

While none of the members of the
committee would or could say what
the results would be in the contest
cases investigated, it is conceded that
Anoka, the first to be taken up, will
be decided favorable to the delegation
seated by the convention. This is a
Dunn delegation.

State Chairman Jamieson called the
Republican convention to order at 11
o'clock. Senator Clapp, as temporary
chairman, delivered a speech of an
hour's duration and the convention
then took a recess to 2 o'clock in or-
der to give the warring factions for
the gubernatorial nomination another
chance to try to get together for the
selection of a committee on creden-
tials.

The convention reassembled at 2:30
p. m., the factions in the meantime
having agreed on the makeup of the
committee of credentials. This com-
mittee, consisting of seven Dunn men,
seven Collins men and Senator Ward
of Alexandria, representing the Eddy
faction, was then named and the con-
vention adjourned until 9 in the morn-
ing.

WARNER FOR GOVERNOR.

Republicans of Michigan Nominate a
State Ticket.

Detroit, July 1.—Fred Warner of
Washington, Thursday was nominat-
ed for governor over Homer Warren
of Detroit and George B. Horton of
Fruit Ridge by Republicans of Michi-
gan. Before the first ballot was fin-
ished it was evident that Mr. Warner
had received a large majority and Mr.
Horton moved that the rules be sus-
pended and the unanimous vote cast
for Mr. Warner, which was done amid
much enthusiasm.

The remainder of the state ticket
is as follows: Lieutenant governor,
Alexander Maitland, Negaunee; state
treasurer, Frank P. Glaser, Chelsea;
secretary of state, George A. Prescott,
Tawas City; state auditor, J. B.
Bradley, Eaton Rapids; attorney gen-
eral, Charles A. Blair, Jackson; super-
intendent of public instruction, P. H.
Keller, Detroit; member of state board
of education, L. L. Wright, Ironwood;
land commissioner, W. H. Rout, Cling-
ton.

The platform, which was short, in-
dorses that of the Republican con-
vention at Chicago; indorses Roosevelt
and Fairbanks, and expresses con-
fidence in a notable victory for the state
ticket in November.

The amendment to the resolutions
proposed by Congressman William Al-
den Smith and Senator Charles Si-
mons, pledging the party to the nom-
ination of governor by direct vote, was
defeated by 774 to 204.

BRINGS TURKEY TO TIME.

Great Britain Exerts Pressure for Re-
lief of Armenians.

London, July 1.—Great Britain has
successfully brought pressure to bear
on the porte for the relief of the per-
secuted Armenians, according to state-
ments in a letter written by Foreign
Secretary Lansdowne to the Anglo-
Armenian association. The letter says
that President Nicholas O'Connor, British
ambassador at Constantinople, in a
long interview with the grand vizier,
Ferid Pacha, on June 14, pointed out
to that official the responsibility of the
porte should the reports of Kurdish
outrages prove true.

The ambassador called the attention
of the grand vizier to the design which
had been credited to the Turkish au-
thorities of driving the Armenians
from their mountain homes to the
plains, and urged that orders should
be sent to the vali of Bitlis that re-
fugees be allowed to return to their
homes and be given protection from
the Kurds.

The grand vizier acquiesced in the
wishes of Sir Nicholas O'Connor and
telegraphed orders to that effect in
the presence of the ambassador. The
British vice consul at Bitlis was no-
tified of the grand vizier's action and
instructed to report its effect.

Lord Lansdowne said that the porte
had also granted permission for a Brit-
ish officer to accompany any troops
engaged in expeditions against the in-
surgents.

GREAT BRITAIN HOLDS ALOOF.

Not Taking Part in Negotiations to
End Russo-Japanese War.

London, July 1.—News from Wash-
ington that steps were being taken
looking to mediation between Japan
and Russia creates great surprise in
London. The British government not
only has not taken part in such ne-
gotiations, but apparently is ignorant
that they are in progress. Premier
Balfour, through the Times, is of the
opinion that the time is not ripe for
mediation, but, to quote a person in
Mr. Balfour's confidence, "Great Brit-
ain has kept the door open for any
such contingency." From the highest
official sources and from the Japanese
legation comes the positive statement
that nothing whatever has resulted
from the interviews between King Ed-
ward and Emperor William at Kiel
that in any way was connected with
the Russo-Japanese war. There seems
to be no doubt that responsible min-
isters seriously warned King Edward
that he must not initiate any step in
that direction with his imperial ne-
phew.

The Japanese legation, it appears,
made discreet inquiries as to whether
this advice was carried out, and it was
stated that there was every reason to
believe the war was not discussed at
Kiel, except in the most informal and
conservative way.

RABBIS ELECT OFFICERS.

Joseph Krauskopf of Philadelphia Is
Chosen President.

Louisville, July 1.—The following
officers were elected by the Central
Conference of American Rabbis, and
after selecting Cleveland as the place
of meeting next year, the conference
adjourned:

Honorary president, Rabbi Kaufman,
Cincinnati; president, Joseph Kraus-
kopf, Philadelphia; first vice president,
Joseph S. Tolse, Chicago; second vice
president, Jacob Voorsanger, San Fran-
cisco; treasurer, Charles S. Levi, Peo-
ria, Ill.; recording secretary, Adolph
Guttmacher, Baltimore; corresponding
secretary, William Rosenau, Balti-
more.

After a strenuous debate on the
question of establishing a synod the
conference left the question open to
be taken up at a future conference.

NEGRO LYNCHED BY A MOB.

Taken From a Train and Killed After
Mob Fights Officers.

Charleston, S. C., July 1.—Cairo Wil-
liams, a negro, who killed Thurston
McGee last week, was taken from the
Kentucky line at Seranton last even-
ing and lynched. After a mistrial at
Kingston, the county seat, the sheriff
thought it best to send him to Colum-
bia for safe keeping. As the train ap-
proached Seranton a mob stopped it
with a red light and searched the cars.
Finally they found Williams and or-
dered the sheriff's deputies to deliver
him. This was refused, and a scuffle
ensued in which the deputies were
bruised. The mob then took the ne-
gro away and killed him.

RUMOR OF NAVAL BATTLE.

Port Arthur Fleet Said to Have At-
tacked Togo's Squadron.

St. Petersburg, July 1.—It is rumor-
ed that the Russian torpedo boat de-
stroyer Lieutenant Burukoff, which ar-
rived at Newchwang from Port Arthur
Wednesday evening, brought news
that Rear Admiral Witthoff left Port
Arthur harbor again on June 24 and
gave battle to the Japanese fleet.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back. The sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

W. S. Benjamin practical hand gang and rotary flier of 71 Third Ave., East Brainerd says: "Doan's Kidney Pills did me so much good that I prevailed on many others to use them and I know many cases where benefit has resulted. I had more or less pain and the recital secretions were acid in nature thereby causing me considerable distress. I got a supply of Doan's Kidney Pills from a drug store and can state that they had the effect of completely altering the condition of my kidneys referred to above. I shall certainly continue to advise others to use this remedy if annoyed in any way from their kidneys."

PLEASANT SOCIAL AFFAIR

Mrs. John N. Nevers and Mrs. George A.

Keene Entertain a Company of Friends

Yesterday Afternoon

There was a very pleasant social event yesterday afternoon when Mrs. John N. Nevers and Mrs. George A. Keene entertained some thirty-four lady friends at the home of Mrs. Nevers, 203, North Fourth street. The party was given in honor of several old time Brainerdites who are visiting in the city this summer and was a sort of reunion and acquaintance.

Those present, who at one time or another were residents of Brainerd, were the following: Mrs. Peter Mertz and daughter, Miss Belle Mertz, Mrs. Mattson and daughter, Mrs. King, of Spokane, Wash.; Mrs. Joseph Shipp, of Clarkston, Wash.; Mrs. S. Tennis, Mrs. J. Bruce Parker and Miss Susan Hartley of Seattle, Wash.; Mrs. Fisher, of Chicago and Mrs. N. I. Cluff, of Aitkin.

The afternoon was spent in social intercourse and many incidents of early days were gone over, and the reminiscences, if printed would make interesting reading. Light refreshments were served before the guests departed and all felt that it was an event of more than usual pleasure.

Horses in the Klondike.

"In November, 1898," says a book on the Klondike, "horses were left to die on the trails and in Dawson. There was neither work nor feed for them. Horses were offered to me for their keep, but I refused. These same horses wandered up in the hills, where the snow was five feet deep. They brushed the snow away with feet and nose, finding luscious whortleberries, blackberries and raspberries in great quantities. The lowest authentic record at the barracks was 57 degrees below zero. Yet in the spring the horses were reclaimed by their owners and looked infinitely better than when turned out to die at the beginning of the winter. This was a lesson as well as a revelation. During the summer of 1899 horses were imported into the Klondike in numbers, and 1,200 of them passed the next winter in transporting men and supplies from Dawson to the mines. The dogs were almost entirely superseded, and their value, formerly \$150, became merely nominal, for a good horse, after all, could pull a ton over the smooth icy trails—a labor that would require three sleighs and twenty dogs."

Long Distance Voices.

Mrs. Oliphant in her life of the Rev. Edward Irving states that he had been on some occasions clearly heard at the distance of half a mile, and it has been alleged that Black John Russell of Kilmarlock, celebrated by Burns in no gracious terms, was heard at the distance of a full mile.

It would appear that even this is not the record for long distance hearing. A correspondent of Jameson's Journal in 1828 states that, being at the west end of Dunfermline, he heard part of a sermon then in course of delivery at a tent at Cairney Hill by Dr. Black. "I did not," he writes, "miss a word, though the distance must be about two miles; the preacher has seldom been surpassed for distant speaking and clear voice, and the wind, which was steady and moderate, came in the direction of the sound."—London Standard.

Our Debt to Asia.

It is noteworthy that out of Asia came our alphabet and our Arabic numerals. The compass we owe to the Chinese, who knew the magnetic needle as early as the second century A. D. Gunpowder originally came out of Asia, and so did the art of printing and the manufacture of paper. The Chinese invented movable types in the middle of the eleventh century, 350 years before Gutenberg. They also made silks long before Europe and porcelain that has never been equaled by Europe. Truly, Asia is the cradle of the race. On the original ideas of the Persians, Arabians, the Hindoos and the Chinese our modern society has been built.—Portland Oregonian.

The Wing of a Bird.

The typical vertebrate limb, variously modified in the arm of a man or the fore limb of a cat or frog or bird, has one bone in the upper arm, which gives support to two in the forearm, which similarly yield to four at the wrist, and from these five digits can just comfortably be extended. The bird, however, decided to fly rather than grasp with its hand, so that three and a half fingers are all it has retained of the five which its reptilian ancestors bequeathed to it.

All Obscurities Removed.

The Rev. Dr. Fourthly—For twenty-seven years I have been trying to preach, but I confess I have never quite grasped the meaning of St. Paul in this particular passage. The Rev. K. Mowatt Lightly—Why, doctor, I cleared that all up in the first sermon I ever preached. I'll let you read it if you like.—Chicago Tribune.

WE MUST REPEAT.

When everybody in Brainerd tells the same story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back. The sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

W. S. Benjamin practical hand gang and rotary filer of 71 Third Ave., East Brainerd says: "Doan's Kidney Pills did me so much good that I prevailed on many others to use them and I know many cases where benefit has resulted. I had more or less pain and the recital secretions were acid in nature thereby causing me considerable distress. I got a supply of Doan's Kidney Pills from a drug store and can state that they had the effect of completely altering the condition of my kidneys referred to above. I shall certainly continue to advise others to use this remedy if annoyed in any way from their kidneys."

PLEASANT SOCIAL AFFAIR

Mrs. John N. Nevers and Mrs. George A. Keene Entertain a Company of Friends Yesterday Afternoon

There was a very pleasant social event yesterday afternoon when Mrs. John N. Nevers and Mrs. George A. Keene entertained some thirty-four lady friends at the home of Mrs. Nevers, 203, North Fourth street. The party was given in honor of several old time Brainerdites who are visiting in the city this summer and was a sort of reunion and renewal of old friendship and acquaintance.

Those present, who at one time or another were residents of Brainerd, were the following: Mrs. Peter Mertz and daughter, Miss Belle Mertz, Mrs. Mattson and daughter, Mrs. King, of Spokane, Wash.; Mrs. Joseph Slipp, of Clarkston, Wash.; Mrs. S. Tennis, Mrs. J. Bruce Parker and Miss Susan Hartley of Seattle, Wash.; Mrs. Fisher, of Chicago and Mrs. N. I. Cluff, of Aitkin.

The afternoon was spent in social intercourse and many incidents of early days were gone over, and the reminiscences, if printed would make interesting reading. Light refreshments were served before the guests departed and all felt that it was an event of more than usual pleasure.

Horses in the Klondike.

"In November, 1898," says a book on the Klondike, "horses were left to die on the trails and in Dawson. There was neither work nor feed for them. Horses were offered to me for their keep, but I refused. These same horses wandered up in the hills, where the snow was five feet deep. They brushed the snow away with feet and nose, finding luscious whortleberries, blackberries and raspberries in great quantities. The lowest authentic record at the barracks was 57 degrees below zero. Yet in the spring the horses were reclaimed by their owners and looked infinitely better than when turned out to die at the beginning of the winter. This was a lesson as well as a revelation. During the summer of 1899 horses were imported into the Klondike in numbers, and 1,200 of them passed the next winter in transporting men and supplies from Dawson to the mines. The dogs were almost entirely superseded, and their value, formerly \$150, became merely nominal, for a good horse, after all, could pull a ton over the smooth icy trails—a labor that would require three sleighs and twenty dogs."

Long Distance Voices.

Mrs. Oliphant in her life of the Rev. Edward Irving states that he had been on some occasions clearly heard at the distance of half a mile, and it has been alleged that Black John Russell of Kilmarlock, celebrated by Burns in no gracious terms, was heard at the distance of a full mile.

It would appear that even this is not the record for long distance hearing. A correspondent of Jameson's Journal in 1828 states that, being at the west end of Dunfermline, he heard part of a sermon then in course of delivery at a tent at Cairney Hill by Dr. Black. "I did not," he writes, "miss a word, though the distance must be about two miles; the preacher has seldom been surpassed for distant speaking and clear voice, and the wind, which was steady and moderate, came in the direction of the sound."—London Standard.

Our Debt to Asia.

It is noteworthy that out of Asia came our alphabet and our Arabic numerals. The compass we owe to the Chinese, who knew the magnetic needle as early as the second century A. D. Gunpowder originally came out of Asia, and so did the art of printing and the manufacture of paper. The Chinese invented movable types in the middle of the eleventh century, 350 years before Gutenberg. They also made silks long before Europe and porcelain that has never been equaled by Europe. Truly, Asia is the cradle of the race. On the original ideas of the Persians, Arabians, the Hindoos and the Chinese our modern society has been built.—Portland Oregonian.

The Wing of a Bird.

The typical vertebrate limb, variously modified in the arm of a man or the fore limb of a cat or frog or bird, has one bone in the upper arm, which gives support to two in the forearm, which similarly yield to four at the wrist, and from these five digits can just comfortably be extended. The bird, however, decided to fly rather than grasp with its hand, so that three and a half fingers are all it has retained of the five which its reptilian ancestors bequeathed to it.

All Obscurities Removed.

The Rev. Dr. Fourthly—For twenty-seven years I have been trying to preach, but I confess I have never quite grasped the meaning of St. Paul in this particular passage. The Rev. K. Mowatt Lightly—Why, doctor, I cleared that all up in the first sermon I ever preached. I'll let you read it if you like.—Chicago Tribune.

JEROME KELLEHER IN BANKRUPTCY

Former Well Known Brainerdite
in a Bad Way Financially
at Hibbing, Minn.

HAD DONE TOO MUCH BUILDING

Had Built Extensively at Cass
Lake, Walker, Hibbing and
Other Cities.

The following from the Duluth News-Tribune Hibbing correspondent will be read with considerable surprise, although it was known for some time that he was in a bad way financially:

"Jerome Kelleher, of Brainerd, who has filed petitions and schedules in bankruptcy in the federal court, owned two valuable parcels of real estate here, and had holdings at Nashauk. Mr. Kelleher came here two years ago and purchased for \$8,000 two lots at the corner of Pine street and Third avenue, in the business center of the town. The lots contained a two-story double store building. Mr. Kelleher purchased an adjoining lot and erected thereon a three-story frame building, and later erected a three-story double building across the alley end of the lots. This entire property was recently sold to the Fitzer Brewing company of Duluth for, it is said, \$14,000. Mr. Kelleher, a year ago last summer, purchased two lots at the corner of Third avenue and South street, paying a high price therefor, and commenced the erection of a three-story brick building on the ground. The dimensions of the building are 50 by 125 feet, with basement, and it was designed for a hotel, but a deal with hotel men fell through, and the building has been only partially occupied. The Nashauk property consists of one lot and a two-story frame building. Mr. Kelleher during the past two years has done much building at Cass Lake, Bemidji and Walker, but he was unable to realize fast enough on his investments and was forced into bankruptcy. The liabilities are scheduled at \$43,187, with assets of \$59,350."

CABOOSE JUMPED THE TRACK

M. & I. Caboose Jumped the Track Four
Miles this Side of Bemidji Early
Yesterday Morning.

Yesterday morning a caboose on an M. & I. freight jumped the track four miles this side of Bemidji and there was quite a serious accident in which Conductor Chesney and brakeman Rourke were quite badly injured. Conductor Chesney is able to be out but his side is badly bruised and he was quite severely injured on his hand.

Brakeman Rourke was so badly injured that he was taken to the hospital at Bemidji. He was in the caboose at the time and as the train was going pretty fast it can be well imagined what a shaking up the men would have who were on the inside.

LITTLE FOLKS AS THESPIANS

Performance of "Lilliputian Dress
Rehearsal" Last Night at
Opera House a Success

A MATINEE ON SATURDAY

When the Performers will be Re-
peated—Little People Loud-
ly Applauded

The "Lilliputian Dress Rehearsal" given by some twenty-five little folks at the Brainerd opera house last night under the auspices of St. Paul's Episcopal church, and under the direction of Miss Grace E. Barker, was a huge success, and the little people who made their initial bow to the public as thespian artists were greeted by a large and enthusiastic audience.

The performance gives but a faint idea of the amount of labor that there is connected with an event of this kind, for the little people are always more or less at sea to know just how to do things and it takes a lot of training to get them thoroughly familiar with their lines and used to the stage and the surroundings. Great credit is due those who had the task of putting the little play on, especially Miss Barker, Miss Nellie K. Merritt, Mrs. R. F. Walters and the Misses Halsted and Kindred.

The little musical sketch is especially adapted for the little people. There are some very pretty solo numbers and choruses and every part was well taken.

Esther Bellmuth, as principal of the Grove House Academy, was perfection. She acted well, enunciated her lines clearly and sang nicely.

Little Marvel Putz as Mademoiselle Epinard, the French governess, was exceptionally good for so young a tot. She had the French dialect down pat and acted her part with grace and ease. Her singing of "Ah, Vat is Love" with the chorus accompaniment made a decided hit.

Little Fern Grondin in the role of Amy Fibbs, the real "Cinderella" was pleasing. She spoke her lines with ease and was as graceful as could be and her acting would do credit to a much older person.

Clara Wilkins, the prince, was portrayed by little Kathleen Hawkins. She is as pretty as a picture and was most charming in this role.

Little Gladys Nitterauer, as Sarah Ann, the greedy girl, proved herself to be equal to the comedy lines in this little sketch and acquitted herself most creditably, keeping the audience in a uproar of laughter.

Little Nora King, assayed the role of Sophonisbe Spivins, the Romantic girl, and she was fine in the part, winning applause on several different occasions.

Lizzie St. Peter and Madeline Murphy took the part of the spiteful sisters, and they were excellent in the roles. They looked most charming in long dress gowns with their hair done up in the latest style. They were both excellent.

Leon Elton, as Mr. Jarvey, the instructor of elocution outdid himself and carried off the honors among the boys. His work showed careful training and the song, "Tis Just Now Forty Years" was clever and he received a round of applause.

Little tiny Isabelle Irwin was the visitor, Miss Pitchbeck. She was as dainty as a kitten and made a decided hit.

Little Louisa Benjamin as the fairy godmother, was most beautiful in her sweetly timed robe. She sang very nicely, "As Time Rolls Along" and was given a rousing round of applause.

Two little tots, Tiera Ingbrethson and Gertrude Smith, one as Humpty and the other as Dumpty, made a hit. They were as pretty as could be. Werner Hemstead as the policeman was good, although his part did not give him much chance to display his talents. Benny Webber was the butler and was fine in his part.

The chorus singing was good and every member of the chorus, as well as the principals, is entitled to considerable credit.

One of the very best things on the program was the specialty turn by Little Madeline Murphy, and Werner Hemstead. It was, in fact, the best that has ever been seen in Brainerd for children. The costume was good and strictly up-to-date and there was nothing left undone that would add to the pleasantness of the entire performance.

Such a hit did the little people make that a general request was made that the play be repeated and those in charge decided to give a matinee on Saturday afternoon, commencing at 3 o'clock. The admission will be only 25 cents for adults and 15 cents for children. This will give an opportunity for all those who did not see the performance to see it Saturday afternoon.

BASE BALL NUBS

The Theis team, of Minneapolis, which plays Brainerd next Sunday has a good reputation in the base ball world and the boys come to this city with blood in their eyes. They have heard of Brainerd's team and report comes that the slogan has gone out that the locals are the best in the state. "Jim" Boyle is in excellent form this year and the team behind him is doing great work so that there is little doubt but that the result will be satisfactory to the Brainerd bunch. The games Sunday and Monday will be called at 3:30 o'clock. Mattson will be on the rubber in the opening game perhaps and he is also pitching great ball and will do good work.

LITTLE FOLKS AS THESPIANS

Performance of "Lilliputian Dress Rehearsal" Last Night at Opera House a Success

A MATINEE ON SATURDAY

When the Performers will be Repeated—Little People Loudly Applauded

The "Lilliputian Dress Rehearsal" given by some twenty-five little folks at the Brainerd opera house last night under the auspices of St. Paul's Episcopal church, and under the direction of Miss Grace E. Barker, was a huge success, and the little people who made their initial bow to the public as thespian artists were greeted by a large and enthusiastic audience.

The performance gives but a faint idea of the amount of labor that there is connected with an event of this kind, for the little people are always more or less at sea to know just how to do things and it takes a lot of training to get them thoroughly familiar with their lines and used to the stage and the surroundings. Great credit is due those who had the task of putting the little play on, especially Miss Barker, Miss Nellie K. Merritt, Mrs. R. F. Walters and the Misses Halsted and Kindred.

The little musical sketch is especially adapted for the little people. There are some very pretty solo numbers and choruses and every part was well taken.

Esther Bellmuth, as principal of the Grove House Academy, was perfection. She acted well, enunciated her lines clearly and sang nicely.

Little Marvel Putz as Mademoiselle Epinard, the French governess, was exceptionally good for so young a tot. She had the French dialect down pat and acted her part with grace and ease. Her singing of "Ah, Vais-je" with the chorus accompaniment made a decided hit.

Little Fern Grondin in the role of Amy Fibbs, the real "Cinderella" was pleasing. She spoke her lines with ease and was as graceful as could be and her acting would do credit to a much older person.

Clara Wilkins, the prince, was portrayed by little Kathleen Hawkins. She is as pretty as a picture and was most charming in this role.

Little Gladys Nitterauer, as Sarah Ann, the greedy girl, proved herself to be equal to the comedy lines in this little sketch and acquitted herself most creditably, keeping the audience in a uproar of laughter.

Little Nora King, assayed the role of Sophonisba Spivins, the Romantic girl, and she was fine in the part, winning applause on several different occasions.

Lizzie St. Peter and Madeline Murphy took the part of the spiteful sisters, and they were excellent in the roles. They looked most charming in long dress gowns with their hair done up in the latest style. They were both excellent.

Leon Pillon, as Mr. Jarvey, the instructor of elocution outdid himself and carried off the honors among the boys. His work showed careful training and the song, "This Just Now Forty Years" was clever and he received a round of applause.

Little tiny Isabelle Irwin was the visitor, Miss Pinchbeck. She was as dainty as a kitten and made a decided hit.

Little Louisa Benjamin as the fairy godmother, was most beautiful in her sweeping white robe. She sang very nicely, "As Time Rolls Along" and was given a rousing round of applause.

Two little tots, Tiera Ingrebretson and Gertrude Smith, one as Humpty and the other as Dumpy, made a hit. They were as pretty as could be. Werner Hemstead as the policeman was good, although his part did not give him much chance to display his talents. Benny Webber was the butler and was fine in his part.

The chorus singing was good and every member of the chorus, as well as the principals, is entitled to considerable credit.

One of the very best things on the program was the specialty turn by Little Madeline Murphy and Werner Hemstead. It was, in fact, the best that has ever been seen in Brainerd for children.

The costuming was good and strictly up-to-date and there was nothing left undone that would add to the pleasantness of the entire performance.

Such a hit did the little people make that a general request was made that the play be repeated and those in charge decided to give a matinee on Saturday afternoon, commencing at 3 o'clock. The admission will be only 25 cents for adults and 15 cents for children. This will give an opportunity for all those who did not see the performance to see it Saturday afternoon.

BASE BALL NUBS

The Theis team, of Minneapolis, which plays Brainerd next Sunday has a good reputation in the base ball world and the boys come to this city with blood in their eyes. They have heard of Brainerd's team and report comes that the slogan has gone out that the locals are the best in the state. "Jim" Boyle is in excellent form this year and the team behind him is doing great work so that there is little doubt but that the result will be satisfactory to the Brainerd bunch. The games Sunday and Monday will be called at 3:30 o'clock. Mattson will be on the rubber in the opening game perhaps and he is also pitching great ball and will do good work.

JEROME KELLEHER IN BANKRUPTCY

Former Well Known Brainerdite in a Bad Way Financially at Hibbing, Minn.

HAD DONE TOO MUCH BUILDING

Had Built Extensively at Cass Lake, Walker, Hibbing and Other Cities.

The following from the Duluth News-Tribune Hibbing correspondent will be read with considerable surprise, although it was known for some time that he was in a bad way financially:

"Jerome Kelleher, of Brainerd, who has filed petitions and schedules in bankruptcy in the federal court, owned two valuable parcels of real estate here, and had holdings at Nashauk. Mr. Kelleher came here two years ago and purchased for \$8,000 two lots at the corner of Pine street and Third avenue, in the business center of the town. The lots contained a two-story double store building. Mr. Kelleher purchased an adjoining lot and erected thereon a three-story frame building, and later erected a three-story double building across the alley end of the lots. This entire property was recently sold to the Fitzer Brewing company of Duluth for, it is said, \$14,000. Mr. Kelleher, a year ago last summer, purchased two lots at the corner of Third avenue and South street, paying a high price therefor, and commenced the erection of a three-story brick building on the ground. The dimensions of the building are 50 by 125 feet, with basement, and it was designed for a hotel, but a deal with hotel men fell through, and the building has been only partially occupied. The Nashauk property consists of one lot and a two-story frame building. Mr. Kelleher during the past two years has done much building at Cass Lake, Bemidji and Walker, but he was unable to realize fast enough on his investments and was forced into bankruptcy. The liabilities are scheduled at \$43,187, with assets of \$59,350."

NOMINATE SWALLOW

PROHIBITIONISTS PLACE THE PENNSYLVANIAN AT HEAD OF THEIR TICKET.

PLANKS OF THE PLATFORM

SAID TO BE THE BROADEST THE PARTY EVER PLACED BEFORE THE COUNTRY.

Indianapolis, July 1.—Prohibitionists of the United States Thursday nominated Silas C. Swallow of Pennsylvania for president and George W. Carroll of Texas for vice president.

General Miles put an end to the movement to nominate him for president by sending J. G. Woolley a telegram which reached Indianapolis shortly after noon, asking that his name be not presented. The movement to Mr. Swallow was unanimous, no other name being considered.

The platform was adopted without argument after a long deadlock in the resolutions committee. It was described by I. H. Amos of Oregon, secretary of the resolutions committee, as the broadest platform ever placed before the country by the party. In addition to planks on the liquor question it declares the party to be in favor of international arbitration, a suffrage law based on mental and moral qualifications, uniform laws for the country and dependencies, popular election of senators, civil service extension and the initiative and referendum.

The trust question was recognized by a demand for a rigid application of the principles of justice to all organizations of capital and labor. A reform of divorce laws is demanded and polygamy is denounced.

More than \$16,000 was raised by subscription and pledges in the convention which, with \$11,000 in the treasury, will be the nucleus of the campaign fund.

National Chairman Stewart and National Secretary Tate were re-elected. Prohibitionist editors organized for the campaign by electing Edward Clark of Indianapolis president.

The convention closed at night with a mass meeting at which addresses were made by National Chairman Stewart, John G. Woolley and others. Several hundred delegates left for St. Louis to visit the exposition.

SWALLOW MAY DECLINE.

Poor Health of His Wife May Compel Him to Remain at Home.

Harrisburg, Pa., July 1.—Dr. Silas C. Swallow may decline the Prohibition nomination. In response to a congratulatory telegram he sent the following to Chairman Stewart:

"If honor referred to in your dispatch implies duties requiring my absence from home, while I highly appreciate any honor or duty the grandest party of the age can give me, yet unless Mrs. Swallow's health greatly improves I will be compelled to decline."

DUBOIS FAVORS PARKER.

Says Democrats Will Not Nominate Cleveland.

St. Louis, July 1.—Some Western delegates to the Democratic national convention arrived Thursday, but aside from their individual opinions they had no knowledge of what was going to be done when the Democratic national convention meets next week. Everything seems to await the arrival of the leaders.

Senator Fred T. Dubois of Idaho came in this evening and said he saw nothing but Parker.

"There is more than a third of the convention," he said, "that will stay here until the election before allowing the nomination of Cleveland. An attempt to nominate Cleveland will throw the convention into the hands of Bryan. The convention will nominate Parker, because they have no other man to nominate."

Senator Dubois declares that he will get an anti-polygamy plank in the national platform.

Former Senator Frank J. Cannon of Utah says that he will not bolt the convention.

BRYAN WILL NOT BOLT.

Nebraskan May Support Ticket Should Parker Be Nominated.

Pittsburg, July 1.—"William J. Bryan will not bolt his party ticket if Judge Parker is nominated for president. Of this I am confident," declared James K. Jones, national Democratic chairman, while on the way to St. Louis. "As to what Mr. Bryan might do if Mr. Cleveland is nominated I could not say, but I regard the nomination of Cleveland as little short of an impossible contingency."

"Outside of Judge Parker, Mr. Hearst will have the greatest number of instructed delegates. I regard Mr. Gorman as one of the strongest possibilities."

Mr. Jones does not think a bimetallic plank will be inserted in the platform.

HEATH QUITS SALT LAKE CITY.

Severs His Connection With the Tribune and Returns East.

Salt Lake City, July 1.—Perry S. Heath, formerly secretary of the Republican national committee, has severed his connection with the Salt Lake Tribune, of which he has been the publisher for the past three years, and has returned to the East.

Socialists of North Dakota.

Valley City, N. D., July 1.—The Socialist party convention here Thursday, and adopted a new constitution and a platform which does not differ materially from that of two years ago. The resolutions endorse the action of the strikers in Colorado mining camps, Arthur Bassett of Fargo was nominated for governor.

YALE CREW VICTORIOUS.

Wins Freshman Race After a Hard Struggle.

New London, Conn., July 1.—The thousands who journeyed to the Thames Thursday for the annual Yale and Harvard boat races saw one of the best freshman races that has ever been rowed on any course, and then for eight hours the crowd sat in the rain and waited in vain, first for the 'varsity four-oared race, which was postponed, and then for the big 'varsity eight-oared race. Finally, early in the evening, both the 'varsity and four-oared races were put over until Friday because of the high wind.

Yale won the freshman race by half a second, or a quarter of a boat's length. For the two miles of this race the two shells zig-zagged and neither crew ever had a lead of more than a length. It was one of the most remarkable boat races in the history of intercollegiate rowing.

THE RECALL IS EFFECTIVE.

French Ambassador to Vatican Will Not Return to Rome.

Paris, July 1.—Premier Combes was consulted Thursday by the budget committee of the chamber of deputies on the subject of the appropriation for the French embassy at the vatican. The premier said that the government would reserve its opinion until the matter had been discussed in the chamber, the status quo meanwhile prevailing. Asked what was the meaning of the status quo in this connection, and whether the vatican had been advised of the recall of Ambassador Nisard, the premier replied:

"I do not know whether the vatican has been advised, but I can say that the recall is effective. The ambassador will not return to Rome."

WONDERFUL MACHINES.

Some That Seem to Be Pretty Near the Thinking Stage.

"From the corn miller's bell that sets up a fussy thinking the moment the hopper runs empty up to the calculating machines that are now to be found in banks and insurance offices, clearing houses and observatories, there are so many mechanical substitutes for brain workers that it is difficult at times to realize that it is, after all, only mechanism and not intelligence that is being evolved," said an employee at the patent office to a Star reporter.

"Some of the touches of what, for convenience, we may call mechanical intelligence to be met with in various odd corners of the industrial and commercial world are really quite amusing, and they have their prototype in that little bell of the old windmill."

"There is, for instance, to be seen in any screw factory a different application of that device. The machinery takes hold of a rod of metal, pulls it rapidly along, gives the end of it the general shape of a screw, cuts the thread round it and the slot in the head and then ships off a perfect screw."

"If you watch the thing actually making the screws the idea strikes you that it is really a piece of mechanism, but when the machine comes to the end of its material and gives a sharp, impatient ring of the bell for the attendant to bring more you cannot help laughing and would scarcely be surprised if, when the man came with another rod, the busy screw-maker gave him a sharp reprimand for inattention and dilatoriness. In these days of phonographs, of course, it would be quite practical to make it do so."

"The machine by which railway tickets are printed gives another amusing little show of intelligence or what looks to be very like it. Railway tickets are not, as might be supposed, printed in large sheets and afterward cut up. The cardboard is cut into tickets first, and they are printed one by one afterward. "The little blank cards are put in a pile in a kind of perpendicular spout, and the machine slips a bit of metal underneath the bottom of the spout and pushes out the lowest ticket in the pile, to be printed and consecutively numbered."

"It is of no use trying to print a bad ticket. The machine finds out an imperfect blank in an instant, and flatly refuses to have anything to do with it."

"These are simple instances of a good imitation of watchfulness and discrimination—indeed, the latter looks almost like conscientious care. They afford a droll suggestion of the trained intelligence of the learned pig or the performing dog, and we may find various degrees of the same. At the United States mint they have weighing machines for coins, to which it is difficult to deny a very acute intelligence. The mint apparatus is more remarkable of the two."

"The new coins at the mints, however, are sometimes a trifle over weight, while sometimes, of course, they are under, so it is necessary to sort them out in three categories—light, heavy and good. This delicate business is done with unerring precision by a long row of wonderfully clever little machines."

"Into these machines single piles of shining new coins are put, and quite automatically the mechanism takes each coin, puts it into the scale and in a fraction over two seconds—at the rate of twenty-five a minute—weighs it. If the coin is light, the machine shoots it into its proper receptacle; if heavy, into another, and if it is of correct weight or with a margin, as they call it, it is pushed into a third receptacle."

Test Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

NOMINATE SWALLOW

PROHIBITIONIST'S PLACE THE PENNSYLVANIAN AT HEAD OF THEIR TICKET.

PLANKS OF THE PLATFORM

SAID TO BE THE BROADEST THE PARTY EVER PLACED BEFORE THE COUNTRY.

Indianapolis, July 1.—Prohibitionists of the United States Thursday nominated Silas C. Swallow of Pennsylvania for president and George W. Carroll of Texas for vice president.

General Miles put an end to the movement to nominate him for president by sending J. G. Woolley a telegram which reached Indianapolis shortly after noon, asking that his name be not presented. The movement to Mr. Swallow was unanimous, no other name being considered.

The platform was adopted without argument after a long deadlock in the resolutions committee. It was described by I. H. Amos of Oregon, secretary of the resolutions committee, as the broadest platform ever placed before the country by the party. In addition to planks on the liquor question it declares the party to be in favor of international arbitration, a suffrage law based on mental and moral qualifications, uniform laws for the country and dependencies, popular election of senators, civil service extension and the initiative and referendum.

The trust question was recognized by a demand for a rigid application of the principles of justice to all organizations of capital and labor. A reform of divorce laws is demanded and polygamy is denounced.

More than \$10,000 was raised by subscription and pledges in the convention which, with \$11,000 in the treasury, will be the nucleus of the campaign fund.

National Chairman Stewart and National Secretary Tate were re-elected. Prohibitionist editors organized for the campaign by electing Edward Clark of Indianapolis president.

The convention closed at night with a mass meeting at which addresses were made by National Chairman Stewart, John G. Woolley and others. Several hundred delegates left for St. Louis to visit the exposition.

SWALLOW MAY DECLINE.

Poor Health of His Wife May Compel Him to Remain at Home.

Harrisburg, Pa., July 1.—Dr. Silas C. Swallow may decline the Prohibition nomination. In response to a congratulatory telegram he sent the following to Chairman Stewart:

"If honor referred to in your dispatch implies duties requiring my absence from home, while I highly appreciate any honor or duty the grandest party of the age can give me, yet unless Mrs. Swallow's health greatly improves I will be compelled to decline."

DUBOIS FAVORS PARKER.

Says Democrats Will Not Nominate Cleveland.

St. Louis, July 1.—Some Western delegates to the Democratic national convention arrived Thursday, but aside from their individual opinions they had no knowledge of what was going to be done when the Democratic national convention meets next week. Everything seems to await the arrival of the leaders.

Senator Fred T. Dubois of Idaho came in this evening and said he saw nothing but Parker.

"There is more than a third of the convention," he said, "that will stay here until the election before allowing the nomination of Cleveland. An attempt to nominate Cleveland will throw the convention into the hands of Bryan. The convention will nominate Parker, because they have no other man to nominate."

Senator Dubois declares that he will get an anti-polygamy plank in the national platform.

Former Senator Frank J. Cannon of Utah says that he will not bolt the convention.

BRYAN WILL NOT BOLT.

Nebraskan May Support Ticket Should Parker Be Nominated.

Pittsburg, July 1.—William J. Bryan will not bolt his party ticket if Judge Parker is nominated for president. Of this I am confident," declared James K. Jones, national Democratic chairman, while on the way to St. Louis. "As to what Mr. Bryan might do if Mr. Cleveland is nominated I could not say, but I regard the nomination of Cleveland as little short of an impossible contingency."

"Outside of Judge Parker, Mr. Hearst will have the greatest number of instructed delegates. I regard Mr. Gorman as one of the strongest possibilities."

Mr. Jones does not think a bimetalism plank will be inserted in the platform.

HEATH QUITS SALT LAKE CITY.

Severs His Connection With the Tribune and Returns East.

Salt Lake City, July 1.—Perry S. Heath, formerly secretary of the Republican national committee, has severed his connection with the Salt Lake Tribune, of which he has been the publisher for the past three years, and has returned to the East.

Socialists of North Dakota.

Valley City, N. D., July 1.—The Socialist party nominated a full state ticket at its convention here Thursday, and adopted a new constitution and a platform which does not differ materially from that of two years ago. The resolutions endorse the action of the strikers in Colorado mining camps. Arthur Bassett of Fargo was nominated for governor.

YALE CREW VICTORIOUS.

Wins Freshman Race After a Hard Struggle.

New London, Conn., July 1.—The thousands who journeyed to the Thames Thursday for the annual Yale and Harvard boat races saw one of the best freshman races that has ever been rowed on any course, and then for eight hours the crowd sat in the rain and waited in vain, first for the 'varsity four-oared race, which was postponed, and then for the big 'varsity eight-oared race. Finally, early in the evening, both the 'varsity and four-oared races were put over until Friday because of the high wind.

Yale won the freshman race by half a second, or a quarter of a boat's length. For the two miles of this race the two shells zig-zagged and neither crew ever had a lead of more than a length. It was one of the most remarkable boat races in the history of intercollegiate rowing.

THE RECALL IS EFFECTIVE.

French Ambassador to Vatican Will Not Return to Rome.

Paris, July 1.—Premier Combes was consulted Thursday by the budget committee of the chamber of deputies on the subject of the appropriation for the French embassy at the Vatican. The premier said that the government would reserve its opinion until the matter had been discussed in the chamber, the status quo meanwhile prevailing. Asked what was the meaning of the status quo in this connection, and whether the Vatican had been advised of the recall of Ambassador Nisard, the premier replied:

"I do not know whether the Vatican has been advised, but I can say that the recall is effective. The ambassador will not return to Rome."
